Forecast For The United Kingdom
Issued by Met Office Exeter
at 1400 on Friday 01 Jan 2021

UK Outlook for Saturday 16 Jan 2021 to Saturday 30 Jan 2021:
During the middle of January unsettled conditions are likely to affect southern and central parts of the UK with drier weather expected for the north and west. Whilst generally remaining colder than average some milder interludes are possible in the south. Toward the end of the month colder conditions become more probable, this bringing an increasing chance of snow.
